

Organisation and delivery of PE and Sport in our school

2014-2015

Our PE/Sport Subject Leader is Mrs Currie. She is our Primary Link teacher and attends all the sport event briefings and coordinates most of the activities the children participate in.

Thanks to parents and Tibshelf Secondary School for their support with transport at our main events.

Our curriculum lead is Mr Sedgewick (Teacher) who works for the Bolsover Partnership that we subscribe to. This organisation helps us deliver a wide programme to our children.

The swimming coaches at Sharley Park teach our youngsters to swim and take part in Water skills based activities. In our school Y4 and Y5 swim weekly and all of them aim to swim at least 25m.

Our volunteer football coaches join us each week to run clubs and will often accompany the girls and boys to football events. Mr Beardall, Mr Featherstone and Mr Elliott work with Y1 upwards.

Other aspects of the PE curriculum are delivered by the teaching staff at our school and we aim to deliver 2 hours of sport activities to the children each week on top of the after school activities that take place through the year.

Our children begin the day with an active Breakfast Club, "Wakey Shakey" activities and various active brain break activities during the day,

Play leaders also encourage physical activity with Miss Brown, our trained TA. We encourage use of equipment and the Change for Life resources which are great fun!

Whenever we can we use the Morton Park for supervised physical activity and our grounds are used for Cross Country each year where all the schools send runners to us to participate in the challenge.
