

## Positive aspirations and attitudes to learning

The *Spirit of the Games* Values focus on personal excellence through competition. The six values of passion, self-belief, respect, determination, honesty and teamwork were developed by young people to identify what the experience of school sport should be built around.

These values have been successfully applied by our school to develop a range of behaviours, qualities and inter-personal skills based on sporting experiences, scenarios and attitudes.

We acknowledge children in assembly with an award based on the values each week.
